What does the eLearning Include?

eLearning modules and key resources make up the Intercultural Awareness eLearning. Participants have the flexibility of going through each module at their own pace.

1. **eLEARNING MODULES**

   Five modules, 60 minutes in total duration that provide participants with generic insights from the value of a diverse & inclusive workplace to talent acquisition and management suggestions.

2. **A TOOLBOX OF ADDITIONAL RESOURCES**

   Resources and working tools (such as checklists and worksheets) available for participants to download as needed throughout the eLearning.

What is Intercultural Awareness eLearning?

This eLearning promotes intercultural competencies critical to our changing industry and considers strategies that will help attract, integrate and retain a more diverse workforce. Geared towards mining sector stakeholders, the eLearning is available in two distinct formats:

- A full suite of five eLearning modules with tools for managers, superintendents and leaders to evaluate and enhance corporate policies and practices on inclusion and diversity.
- A condensed format of two eLearning modules available to all mining employees and other stakeholders to reinforce the value of inclusiveness and diversity in the workplace.
What is the Intercultural Awareness eLearning Hoping to Achieve?

• Deepen the understanding of the value of inclusive and diverse workplaces.
• Encourage professional integration of more immigrants within the Canadian mining sector.
