## What is Canadian Mining Occupational Training?

Mining Industry Human Resources Council's (MiHR) Occupational Training programs teach both the foundational and technical skills needed to be safe and effective in various mining industry occupations.

Training packages include all the required materials needed for successful in-class foundational training, including facilitator guides, workbooks, PowerPoints, quizzes, handouts and resources.

## What Training Programs are Available?

- Coaching Training
- Common Competency Training
- Digital Fundamentals Training
- Driller Training
- Frontline Supervisor Training
- Industry Trainer Training
- Minerals Processing Operator Training
- Underground Miner Training

## About the Mining Industry Human Resources Council (MiHR)

MiHR is Canada's knowledge centre for mining labour market information. An independent, non-profit organization, MiHR leads collaboration among mining and exploration companies, organized labour, contractors, educational institutions, industry associations and Indigenous groups to identify opportunities and address the human resource and labour market challenges facing the Canadian minerals and metals sector.
